MR. HOME'S LATEST ACHIEVEMENTS—MID-AIR SUSPENSIONS.—Lord Lindsay sends the following extraordinary story to the Spiritist. On the evening of the 11th July, I was showing some experiments in my laboratory to Lord Adare, Mr. Berghem, Mr. Home and my brother-in-law. It occurred to me to try if Home was able to see a magnet in the dark. This was an experiment which I believe was made by Riechbach, and although, like myself, he was never able to distinguish the light, yet he found a number of persons who did see it under test conditions. I asked Mr. Home, and he expressed himself willing to try the experiment. I then took into one of my rooms, which was totally dark, a large permanent magnet, and, having removed the atmosphere, I placed it on the floor near the wall, at a considerable distance from the wall. Mr. Home was then brought into the room, and remained standing near the door for some moments. He then said that he saw some sort of light on the floor in a corner of the room, and immediately said to me, "Give me your hand and I will show you exactly where I see it." He then led me straight across the room, and without the least hesitation stooped down and placed his hand on the magnet. I have been trying for more than two years to get a satisfactory result in this experiment, but hitherto with only doubtful success. The instrument used was a large compound magnet capable of sustaining a weight of twenty pounds. I may mention that on another occasion I was sitting with Mr. Home and Lord Adare, and a cousin of his. During the sitting Mr. Home went into a trance and in that state was carried out of the window in the room next to where we were, and was brought in at our window. The distance between the windows was about seven feet six inches, and there was not the slightest foothold between them, nor was there more than a twelve-inch projection to each window, which served as a ledge to put flowers on. We heard the window in the next room lifted up, and almost immediately after we saw Home floating in the air outside our window. The moon was shining full into the room; my back was to the light, and I saw the shadow on the wall of the window sill, and Home's feet about six inches above it. He remained in this position for a few seconds, and then raised the window and glided into the room, feet foremost, and sat down. Lord Adare then went into the next room to look at the window from which he had been carried, and he was raised about eighteen inches, and he expressed his wonder how Mr. Home's feet had been taken through so narrow an aperture. Home said (still in trance) "I will show you," and then, with his back to the window, he leaned back, and was shot out of the aperture head first, with the body rigid, and then returned quite quietly. The window is about seventy feet from the ground. I very much doubt whether any skilful tight-rope dancer would like to attempt a feat of this description, where the only means of crossing would be by a perilous leap, or being borne across in such a manner as I have described, placing the question of the light aside.

A LETTER.—There is romance sometimes in so simple a thing as a letter. Time out of mind it has been made the medium of love's young hopes and dreams, and statesmen even have been lulled by thoughts of empire. But who would expect to find hidden away in the cobwebbed nook of a prison cell a felon's farewell to his mistress? In rummaging through one of the cells yesterday a sort of waste room, which for years has been used as a receptacle for ends and pieces about the prison, Captain Johnson came across an old, faded letter. It was stuck in a chink of the plastering, and bore date in 1851. Its superscription is that of a young lady in a Northern State. The letter, after accounting for years' absence and silence, says:

"And now you hear from me in a prison, the consort of felons, doomed to a felon's death. Instead of a bridegroom you receive this sad messenger of disgrace—the wayward offering of a heart that loved you well, but alas! was too closely wedded to evil for your virtues and beauty to redeem it. One look of my hair I enclose you. Put it over your heart, that even when dead this little remnant of existence may be linked on earth with purity and truth. It will be forwarded to its address. May be the poor girl yet waits the coming of her lover, and keep all the years of absence true to her girlhood's dream of passion and romance. Perhaps she is married—who can tell, and the old love of twenty years ago has only a memory. Anyway, none can tell whether for good or for evil that wayward letter, bearing on its sere and yellow pages the felon's message from his prison cell, goes on its mission.—*New Orleans Picayune.*"

FASHION NOTES.—For youths, from nine to fifteen years of age, an English walking coat, vest and pantaloons. "The coat is single breasted, fits the figure easily, covers the hips well and is made after the English fashion, open below the waist, with overlapping flap, side button seams very wide apart and a button on each seam to define the waist;" broad pocket flaps; the vest single breasted and cut low; the pantaloons with considerable spring at ankle. For dress suits blue black and dark green cloth are used. A pretty summer suit is blue diagonal cloth jacket and white pantaloons. White duck and twilled flannel suits are made for the seaside. Gray or brown chevrons are used as every day suits. Shirts with three pleats to the side and square cuffs suit boys, with narrow neck-ties. For ladies, the next season's goods will be neutral tints. Black will be more worn than ever. Soft, flexible fabrics command great attention. Solid colors obtain the preference everywhere.

For September black silk suits will be worn a polonaise. The dress skirt has a single flounce, moderately wide. The black alpaca, mohair and cashmere suits will be, in back and front, three very broad double box-pleats, with loose-shirred blouse. Alpaca blouse should be lined with soft muslin, shoulder seams short, neck high and sleeves half-flooding. The overskirt is long, and fastened up gracefully by tapes from the belt.

In the "Life of Barham" an amusing anecdote is told of King, the actor, who met a friend whose name he had forgotten, and took him home to dinner. After several attempts to find out his name, King said: "My friend and I have had a dispute as to how you spell your name; indeed, we have had a bottle of wine about it." "Oh! with two p's," was the answer.

DRUGS AND CHEMICALS.

SIMMONS' LIVER
The symptoms of Liver Complaint are uneasiness and pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general constive, sometimes alternating with laxity. The head is troubled with pain, and dull, heavy sensation, considerable loss of memory, accompanied with painful sensation of having left undone something which ought to have been done. Often complaining of weakness, debility and low spirits. Sometimes many or other times very few of them; but the liver is generally the organ most involved. Cure the Liver with

Dyspepsia, headache, jaundice, costiveness, sick headache, chronic diarrhoea, affections of the bladder, camp dysentery, affections of the kidneys, fever, nervousness, chills, diseases of the skin, impurity of the blood, melancholy, or depression of spirits, heartburn, colic, or pains in the bowels, pain in the head, fever and ague, dropsy, boils, pain in the back, &c. CRYSTAL DISCOVERY.
"It affords me much pleasure to bear testimony as to the efficacy of your Crystal Discovery. Some years since, while in India, I suffered from a severe fever peculiar to the country. On my recovery, a patch of hair on the left side of my head became perfectly white, without at all affecting the remaining hair. To remove this unsightly appearance, I had recourse to various preparations, both in Europe and in this country; but they all had one great defect—they dyed the hair black. Now, with your Crystal Discovery, I can get the desired shade—the natural color of my hair being dark brown. I consider your Discovery the best preparation I know of. Yours truly, **HENRY J. ROGERS.**"

Now as the fact becomes more patent every day that the various dirty and filthy preparations advertised as Renewers, Restoratives, &c., are but compounds of Sugar of Lead and Sulphur, and therefore should be shunned by all who value their health, it is scarcely a matter of surprise that the demand for NATTAN'S CRYSTAL DISCOVERY, admitted to be perfectly harmless, and yet accomplish all, and more, than the poisonous articles claim to do, should have increased so rapidly. It restores the color and growth of the hair positively in a few days; strengthens the roots, makes an excellent dressing, soiling neither clothes nor scalp; but on the contrary it gives the scalp a pure and cleanly look, removing all dandruff and scurf. It is the most economical preparation in use. Put up in large bottles, at one dollar.

MEDICAL.

Baltimore Lock Hospital.
DR. JOHNSTON,
Physician of this celebrated institution, has discovered the most Certain, Speedy, Pleasant and Effective Remedy in the world for all

DISEASES OF IMPURITUDE.
Weakness of the Back or Limbs, Stricture, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the songs of the Sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, &c.

YOUNG MEN.
Especially, who have become the Victims of Solitary Vice, and dreadful and destructive habits which annually sweep to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered listening Senates with the thunders of eloquence, or walked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.
Married persons, or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency), Nervous Excitement, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, should be relieved.
If a man places himself under the care of Dr. J. may rest assured, in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS.
Immediately cured and Full Vigor Restored.
This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of impurity; it dulls energy. Young persons are too apt to disregard excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the natural powers are lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions weakened. Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constipation, Languor, wasting of the Frame, Cough, Consumption, Decay and Death.

A CURE WARRANTED IN TWO DAYS
Relief in Six Hours! No Mercury!
Persons ruined by Ignorant, Trifling Pretenders and their Deadly Poison, should apply immediately.
